## PROFESSIONAL EXPERIENCE

### Web Development Project ([www.infocom.sc](http://www.infocom.sc))

INFORMATION COMMISSION

September 2019 - December 2019

Developed and deployed a modern, dynamic website for the information commission of Seychelles.

### Full Stack Software Development Project (Proprietary)

PRO OPTICS

October 2018 - July 2019

Developed full stack web and cross-platform mobile applications for Pro Optics from the ground up. This application is built on the MERN stack and is in full production with daily use.

### E-Commerce Development Project ([www.thevoguelab.com](http://www.thevoguelab.com))

THE VOGUE LAB

August 2018 - September 2018

Developed and deployed an e-commerce website with hosting for an online clothing store based in the Seychelles.

### Lead Developer & Founder

MOON PRESENCE

January 2018 - Present

Built full stack web and mobile applications for regional clients using React, React Native, NodeJS and ExpressJS and noSQL and relational database technologies such as MongoDB, Firebase, MySQL and PostgreSQL.

### Web Developer & IT Consultant ([www.unisey.sc](http://www.unisey.sc))

UNIVERSITY OF SEYCHELLES

November 2017 - July 2018

Developed a private intranet site for the faculties with Slack integration for interdepartmental communication. Participated and consulted in development of a proprietary Enterprise Resource Planning software. Developed and deployed public website for the establishment with hosting.
